ABOUT THE EVENT

Kanban India has been a premier global conference organised in India since 2015. It was earlier known as Lean Kanban India and has been renamed after Lean Kanban University was renamed as Kanban University, in August 2019.

This conference has been a vital platform to further the foundation of the Kanban Method and bringing the teachings of 'Alternate Path to Agility' for professionals across the country. In the past seven successful years, it has helped to shape perspectives of some of the most important executives and entrepreneurs in strengthening their businesses and organisations.

As a community, it has also incorporated feedback to get better and stronger each year.

The conference has been attended by over 1200+ participants from 18+ countries, and some of the most important global thought leaders within the community have participated in speaking and sharing their knowledge.
